

GM's big bet on affordable EV batteries is here General Motors is significantly reducing electric vehicle prices by adopting lithium iron phosphate (LFP) battery technology, which has been ...

Canada's Giyani Metals has initiated a C\$3 million private placement to advance its flagship K.Hill battery-grade manganese project in Botswana. The funds will support general working capital and finance the construction of a ...

Even as the United States lifts restrictions on advanced AI chips, the PRC is tightening export restrictions on technologies critical for producing electric vehicle batteries. This move will ...

These technologies reflect significant advancements in charging solutions for flagship smartphone batteries, focusing on user convenience and device longevity. How Do Users Rate the Battery ...

July 2, 2025 Vanadium Redox Flow Batteries: A Safer Alternative to Lithium-Ion Technology As the global push for renewable energy accelerates, the demand for safe, sustainable, and ...

Sodium is more than 500 times more abundant than lithium, which is available in a few countries. Sodium-ion battery charges faster than lithium-ion variants and have a three times higher lifecycle. However, sodium-ion ...

Critical minerals are key components in a range of products and equipment, from consumer electronics and military technology to solar panels and electric vehicle batteries. Their unique ...

The new car continues Volvo's signature design language, featuring a closed front grille and the iconic "Thor's Hammer" LED daytime running lights, paired with split headlights, giving it a very ...

Octillion Power Systems, a California-based supplier of high-density lithium-ion battery packs for electric vehicles of all types, has expanded its existing partnership with Vision Marine ...

Japan's Strategic Role in Next-Gen Battery Development As the global mobility industry races toward electrification, Japan is emerging as a leader in advanced battery technologies. With ...

Battery Breaking-News Headlines Tesla earnings tumble again; Ultion hits the jackpot in Vegas; home battery installations are booming in Australia; Moss Landing fire cleanup finally set; and tariffs make toys "batteries ...

The event showcased a new generation of proactive safety battery cells and systems, UPS 2.0, and Data Center
