

The energy storage battery market is experiencing robust growth, driven by the increasing demand for renewable energy integration, the proliferation of electric vehicles (EVs), and the ...

We are honored to contribute to Egypt's efforts to advance energy infrastructure, enhance grid stability, and ensure a reliable energy supply." As the first utility-scale energy ...

Energy Security and Regional Integration Brazzaville's energy strategy is not unfolding in isolation. Under the Central African Power Pool, Congo is synchronising its grid with Gabon ...

The Energy Storage Market is expected to reach USD 295 billion in 2025 and grow at a CAGR of 9.53% to reach USD 465 billion by 2030. Contemporary Amperex Technology Co. Ltd. (CATL), Tesla Inc., LG Energy ...

The African Energy Chamber's Africa-Paris Declaration reaffirms the continent's commitment to pragmatic energy development, investor-driven partnerships and equitable energy access -- with financing at the heart of the ...

The energy storage market for microgrids is experiencing robust growth, driven by increasing demand for reliable and resilient power solutions, particularly in remote areas and regions with ...

Updated 1st July 2025 - The Red Sands Battery Energy Storage System (BESS), set to be Africa's largest of its kind, has officially reached commercial close. Developed by Globeleq, which is 30% owned by Norfund, in partnership with ...

Reduce energy waste: The excess electricity generated by solar power during the day can be stored through the energy storage system, avoiding energy waste and ensuring that energy is ...

This study assesses the energy security in the Sub-Saharan Africa sub region. For any country, energy production is a critical component for economic growth and development. Energy ...

Sierra Leone Power, Resources In depth Issue 504 - 22 April 2024 Major boost for regional power trade as West African networks interconnect in Guinea Gambia, Sierra Leone, Guinea, Liberia, Guinea-Bissau, Mali, Côte ...

The Africa energy market presents one of the most dynamic growth opportunities in today's global economy. From renewable energy breakthroughs to untapped natural gas reserves, investment opportunities across the continent are ...

Central Africa Power Pool: established in 2003, the Central African Power Pool (CAPP) is a regional energy organization comprising ten member countries. Its primary goal is to facilitate ...

Issue 527 - 27 May 2025 DR Congo: Debt and equity raise for \$340m Moyi metro-grid DR Congo Power, Strategy & risk Issue 526 - 15 May 2025 Barrick procures Zambia battery energy storage plant DR Congo, Zambia Power, ...

Abia State has released a final draft mini-grid regulation to expand electricity access in underserved areas and support private-sector-led rural electrification. A 10-member Abia Electricity Advisory Council will be inaugurated on July 24, ...

Peak-shaving through energy storage is advancing on multiple fronts: a 200 MW electrochemical independent energy storage system was completed in 2024, while the 1.4 GW Tashkurgan ...

Octavia Carbon builds Africa's first geothermal-powered Direct Air Carbon Capture plant in Kenya, targeting a 1,000-ton annual CO₂ removal capacity by 2026. Kenya leverages its Rift Valley ...
