

La société française Geocéan vient de remporter un contrat stratégique dans le cadre de l'ambitieux projet Congo LNG, piloté par Eni. Geocéan a mandaté par Wison New Energies pour assurer le transport ...

Eni remains the sole foreign operator of Congolese gas resources, directly supplying the Congo Electric Power Station that produces 70% of the country's electricity. Beyond energy, the ...

State estimation in distribution power systems is increasingly challenged by the proliferation of distributed energy resources (DERs), bidirectional power flows, and the growing complexity of ...

"With funding of \$100 million, it aims to rehabilitate and strengthen the Pointe-Noire-Brazzaville high-voltage line, which, due to its difficulties, is preventing 200 megawatts from reaching ...

The Republic of Congo is gearing up to showcase its energy potential and investment opportunities at the inaugural Congo Energy & Investment Forum (CEIF) 2025, scheduled to take place in Brazzaville from ...

The electricity-heat integrated energy system is shifting to a distributed architecture that integrates multiple energy clusters to maximize the utilization of local energy resources, such as solar, ...

Comprehensive power system studies are crucial to the longevity of your operations, and TRC has the hands-on knowledge necessary to complete in-depth analyses of the issues related to your electric delivery system. Our work ...

A Distributed Operating System refers to a model in which applications run on multiple interconnected computers, offering enhanced communication and integration capabilities compared to a network operating ...

By leveraging their existing strengths and strategically investing in emerging technologies, TechnipFMC could carve out a niche in providing distributed energy solutions for specialized ...

In this regard, this paper proposes a distributed fast voltage regulation method for energy storage systems (ESSs) in distribution networks. Firstly, to reduce the communication burden, the ...

La création du premier centre national de gaz naturel liquéfié, qui a été engagée fin avril de l'année dernière ; Pointe-Noire, grâce au financement de l'entreprise italienne Ente Nazionale Idrocarburi (Eni) via sa filiale congolaise, ...

The Distributed Energy Buyback Scheme (DEBS) offers eligible customers a payment for electricity they

Distributed energy systems brazzaville

export to the grid, including from rooftop solar PV systems, batteries and electric vehicles. The DEBS pricing structure ...
