

Falcon bms 4 37 full version

Hello all, attached below is my comprehensive VoiceAttack profile for Falcon BMS, now updated for 4.38. This VoiceAttack profile uses multipart phrases, alternative phrasing, and realistic ...

OMG this new version is all I hoped for and more. Spending all evening setting this, tweaking that, and continuously amazed. But I'm having an issue as follows: Installed 4.38 Copied my logbook ...

Version 4.38.0 (x64) Build 2960 Detailed Description The stock keyboards as well as radio subtitles since 4.38 for me have a strange aliasing or shimmer to them, making them much ...

Le vieux Faucon n'est pas mort copyright Gil Falcon BMS revient avec une version 4.38 qui sent bon la refonte profonde, visuels, interface, systèmes, IA... tout y passe. Ce n'est pas juste une ...

Version 4.38 Build 2930 Detailed Description I play 1on1 bfm with a friend on 4.38 in KTO. He has TrackIR official, i have opentrack IR. Both of our views get often stuck in the back left view. It ...

After updating to 4.38, I can't get triple monitors to work. I've run the display config, sometimes the chosen displays save, sometimes they don't, but I am unable to get triples working. My ...

@ NOX22 said in 4.38 Version Compatibility DIRECT X12 ?: @ kampfalk Thank you for taking the time to reply - in fact my configuration is not exact (I see that it is up to date in my profile but ...
