

Dangote Petroleum Refinery plans to construct large-scale fuel storage facilities in Walvis Bay, Namibia, with a capacity of 1.6 million barrels. This initiative supports Dangote's strategy to ...

A chain-rail based slope gravity energy storage system (SGESS) has significant advantages in mountainous and hilly regions due to the merit of highly efficient and reliable operation ...

Nigeria's Dangote refinery is expanding its reach into southern Africa by building fuel storage tanks in Namibia's Walvis Bay, capable of holding at least 1.6 million barrels of gasoline and ...

Gravity batteries utilize the force of gravity to store and release energy, providing a reliable power source. They are scalable, flexible, and have a longer lifespan than traditional battery technologies. Gravity batteries ...

The Asia Pacific gravity energy storage facility market is poised for substantial growth, driven by increasing demand for clean, sustainable, and long-duration energy storage solutions. This ...

Africa's largest single-train fuel processing plant, Dangote Refinery, is planning to construct a 1.6 million barrels storage facility in Namibia to supply refined fuel to the Southern African market.

WALVIS BAY, July 10, 2025 - The Dangote Refinery has launched plans to construct large-scale fuel storage tanks in Namibia's Walvis Bay port, Reuters reported on Wednesday. The project ...

At a time when several African countries are scaling back subsidies to contain deficits, Namibia's choice to expand support for electricity access stands out. The country is effectively signalling ...

The upcoming project will be sited at Walvis Bay, a prominent Atlantic port city and key logistics hub in Namibia. The new storage tanks will have the capacity to hold at least 1.6 million ...

The Ministry of Mines and Energy of the Republic of Namibia has formally approved a 12-month extension to the First Renewal Exploration Period for PEL 93. Issued under Section 30 (2A) of ...

88 Energy has successfully obtained a 12-month extension for its onshore Owambo Basin petroleum exploration license PEL93 in Namibia, extending the first renewal exploration period ...

Nigeria's Dangote Petroleum Refinery is taking a bold leap toward reshaping fuel distribution in southern Africa, with plans now confirmed to construct massive fuel storage tanks at Namibia's ...
