

A total of 27 projects was awarded 34.6 billion yen in subsidies through METI's FY2024 program for supporting the expansion of renewable energy through introduction of energy storage, Sustainable Open Innovation ...

Meanwhile, the energy storage market share of pumped-storage hydroelectricity slipped to 84% in 2024 as reservoir-site scarcity, long permitting cycles, and environmental constraints stalled new projects in Europe and Japan.

Nozomi Energy, an Actis-backed developer and power generator, and French utility ENGIE signed a memorandum of understanding (MoU) for a broad renewables-focused partnership in Japan, the companies announced ...

EDF Power Solutions has been awarded a 110 MW lithium-ion battery storage project in Japan as part of the country's second Long-Term Decarbonization Auction (LTDA). Marking its first ...

The Japan Solar Energy Market Report is Segmented by Deployment (Rooftop, Ground-Mounted, Floating Solar, and Building-Integrated PV), Application (Residential, Commercial and Industrial, Utility-Scale, and ...

Trina Storage has deployed and commissioned its Elementa 2 BESS at two utility-scale power plants in Japan's Gunma Prefecture. The project represents a key milestone for its growing ...

Scheduled for September, the auction will help the Philippines meet growing power demand while cutting emissions and enhancing grid resilience. Read more: Philippines DOE opens 10GW ...

Tokyo Gas first announced its entry into the BESS industry in April 2024. Tokyo Gas launched grid-scale battery storage trading optimization service, the company said on March 6, 2025. It secured Renova as the launch ...

percent, the majority of companies named the estimated operation and maintenance costs as the largest hurdle to introducing industrial solar power generation and stationary energy storage systems.

Trina Storage, a global leader of integrated battery energy storage systems (BESS) solutions, has successfully deployed and commissioned its Elementa 2 BESS at two utility-scale power ...

This explosive growth is being driven by renewable energy integration, expanding electric vehicle applications, and technological breakthroughs in hard carbon anode performance. As the ...

Two Mitsuuroko Green Energy projects in Hokkaido were awarded METI's FY2024 subsidy for supporting the expansion of renewable energy through introduction of energy storage, the company announced on January ...

- Gunvor Group enters Japan's liberalized power market via its first futures trade and planned Tokyo presence, signaling a strategic pivot toward energy transition. - The firm leverages ...

At a meeting of Ministry of Economy, Trade and Industry's study group on the expansion of stationary battery energy storage systems (BESS) held on August 29, 2024, Mitsubishi Research Institute (MRI) presented findings of ...

Kansai Electric Power, its group company Kinden, and Japan Extensive Infrastructure (JEXI) will jointly develop a 99MW/396MWh battery storage facility at the former Tanagawa Power Station site in Misaki Town, ...

This formidable investment signals a profound belief in Japan's burgeoning need for robust, reliable energy storage, a critical piece of the puzzle in its quest for a greener, more resilient ...

Fluence signed a memorandum of understanding (MoU) with Eneres to provide a battery storage trading solution in the Japanese market, the Siemens and AES-owned BESS integrator and ...

HD Renewable Energy Japan, a wholly-owned subsidiary of Taiwan's HDRE, invested in Brawn Capital's 50MW/104MWh "Helios I" grid-scale battery storage project in Sapporo City, Hokkaido, the companies announced ...

Energy storage enables these systems to balance supply and demand, store surplus renewable energy, and ensure backup power during outages. Rising interest from commercial, ...

Prologis will build a 2MW/6MWh grid-scale battery storage facility at Prologis Park Chiba 1 in Chiba City, Chiba Prefecture, it announced on June 11, 2025. The project marks its first entry into the energy storage market.
