

Navigating the Evolving Landscape: Key Updates in Japan's Resource and Energy Sector Tokyo, Japan - July 24, 2025 - Japan's resource and energy sector is experiencing a dynamic period ...

In the Philippines, momentum is building. The Department of Energy's fourth Green Energy Auction (GEA-4) is the first to integrate energy storage with new solar capacity, which is a ...

A boom in grid-scale storage and non-FIT solar development is leading to an increasing grid connection request backlog. Grid connection requests processed by Japan's grid operators grew considerably between Q4 ...

The "Maibara-Koto Energy Storage Plant" is the largest of the 30 BESS projects that have been awarded in Japan's first long-term decarbonization auction (LTDA), which was held in FY2023. The long-term decarbonization ...

The fund focused on solar-plus-storage assets follows Mizuho Securities' recently announced agrisolar fund. Both highlight an ongoing shift in solar development in Japan due to limited ...

Nozomi Energy, an Actis-backed developer and power generator, and French utility ENGIE signed a memorandum of understanding (MoU) for a broad renewables-focused partnership in Japan, the companies announced ...

The renewable power promotion surcharge collected to fund Japan's feed-in-tariff (FIT) and feed-in-premium (FIP) schemes will be set at 3.98 yen per kWh for power metered between May 2025 and April 2026, METI announced ...

Just a couple of days after announcing the acquisition of 1.2 GWh of battery energy storage projects in Italy, the Japanese developer has inked a 10-year revenue floor agreement with ...

A total of 12 projects totaling 180MW/595.3MWh was awarded 13 billion yen through Tokyo's FY2024 subsidy for promoting grid-scale battery storage, the metropolitan government's document released in February 2025 ...

Trina Storage has successfully deployed and commissioned its Elementa 2 BESS at two utility-scale power plants in Japan's Gunma Prefecture. The project represents a key milestone for ...

Trina Storage, a global leader of integrated battery energy storage systems (BESS) solutions, has successfully deployed and commissioned its Elementa 2 BESS at two utility-scale power ...

Japan energy storage policy updates

Unlike other storage conferences, proceeds from the event help to fund high quality journalism across our media titles. This supports the growth of the solar and storage industries as well as ...

Prologis will build a 2MW/6MWh grid-scale battery storage facility at Prologis Park Chiba 1 in Chiba City, Chiba Prefecture, it announced on June 11, 2025. The project marks its first entry into the energy storage market.
