

Recently, a consortium led by POWERCHINA Northeast Electric Power Engineering Co., Ltd. signed an EPC turnkey contract for the 200MW AC mountainous photovoltaic project with ...

Eaton Technology Summit Data Centres & Energy 2025, Oslo download video 27:33 Session "Data Centre Design for Advancing AI Environment" Seán A. Timmons, Design & Engineering ...

DNV's annual Energy Transition Outlook presents the results from our independent model of the world's energy system. It covers the period through to 2050 and forecasts the energy mix, supply and demand globally and in 10 ...

Eaton Technology Summit Data Centres & Energy 2025, Oslo download video 34:38 Panel discussion "AI: Essential for economic growth or just hype?" Moderator: Ciarán Forde (Eaton), ...

The recent closing of the substantially merchant battery financing, Constantine, along with the Zenobe led-Eccles project have drawn attention to the development of the Battery Energy Storage Systems (BESS) asset class.

PSW Power & Automation delivers complete solutions within electrification and renewable energy. The company specializes in the design and integration of ESS and electrical power systems, electrical infrastructure, ...

The challenge with Renewable Energy sources arises due to their varying nature with time, climate, season or geographic location. Energy Storage Systems (ESS) can be used for storing available energy from Renewable ...

The Voldsløkka school in Oslo provides a valuable reference model for integrating decentralized onsite renewable energy sources, flexible storage, and energy-efficient design in public buildings.

The Embassy of Italy in Oslo today launched a new e-book titled "Energy Production from Renewable Sources in Norway," which explores energy production in the solar, wind and ...

In a landmark move to position Bihar as a green energy leader, the state government formally launched the Bihar Policy od New and Renewable Energy Sources 2025 and Bihar Policy for ...

Energy Impact Partners (EIP) is a collaborative strategic investment firm that invests in companies optimizing energy consumption and improving sustainable energy generation. Through close collaboration with its strategic ...

Oslo energy storage policy

The project is made possible by pivoting from offshore wind to energy storage, enabled by a significant reduction in battery cost over the past three years and strong market outlook for ...

According to a latest report from market intelligence firm Clean Energy Associates (CEA), the U.S. energy storage system (ESS) battery manufacturing capacity is facing severe challenges. As ...

The Trudvang carbon capture and storage (CCS) project, operated by Vår Energi in partnership with Storegga and INPEX Idemitsu Norge, has successfully passed its feasibility gate (DG1), ...

China's battery-grade lithium carbonate prices rebound to 72,900 yuan/ton amid policy shifts and demand surge. Explore drivers behind the 20% monthly gain and energy storage market impacts.
