

OAKLAND, Calif.-- (BUSINESS WIRE)--Primergy Solar LLC ("Primergy"), a leading developer, owner, and operator of utility-scale solar and energy storage projects, announced today that its ...

Utility scale solar submissions increase Submissions for utility scale solar farms has been at heights not seen before. With over 7GWp submitted to date this year and over 5GW submitted ...

Photovoltaic Markets and TechnologyThe role of solar PV in Indonesia will extend beyond replacing coal-based electricity generation; it will also include the production of e-fuels for hard-to-abate segments, offering an ...

Solar Power World, the leading solar publication covering technology, development and installation, publishes the Top Solar Contractors List annually. The list includes hundreds of solar contractors and developers in ...

Explore how Avaada is shaping India's clean energy future with utility-scale Battery Energy Storage Systems (BESS), including a landmark 2.1 GW project to support a sustainable and ...

Why Understanding Solar Controllers Is Critical For C& I And Utility-Scale Projects Solar controllers play a central role in managing the complexity of commercial and industrial (C& I) and utility-scale solar installations. They act as the system's ...

Deciding between central inverters and power optimizers for utility-scale solar projects involves careful consideration of several factors including efficiency, cost, and the specific ...

Pljevlja Coalmine, a fully owned subsidiary of Montenegro's state power utility EPCG, is making a major move into renewable energy with plans to develop a large-scale solar power plant in the ...

The 10 MW Petka solar power plant has officially entered its trial phase, becoming the first solar facility to generate electricity at the Kostolac site. Built on the reclaimed land of a former ...

Utility-scale solar projects are continuing to advance across the United States. Solar represented 77.7% of new capacity added to the U.S. grid in 2025 through April, according to the Federal Energy Regulatory Commission, and continues ...

Montenegro's state-owned power utility EPCG plans to build the Stedim solar power plant near Nikšić, with an installed capacity of approximately 137 MW. Once operational, the plant is ...

According to ICSC Chief Data Scientist Jephraim Manansala, this rise in unregistered solar affects how

Serbia utility-scale solar

distribution utilities plan and manage the grid. SPECTRUM classifies rooftop solar into ...

Trinasolar, a global leader in smart PV and energy storage solutions, signed a Memorandum of Understanding (MoU) with Solaris Energy Ltd., a leading solar distributor in Sri Lanka, to ...

The Role of I-V Curve Tracing in Quality Inspection Quality inspection in utility-scale solar installations is paramount to ensure optimal performance and longevity of the solar assets. I-V ...

The Brechin Castle Solar Ltd, a joint venture partnership between bp (35 per cent), Shell (35 per cent) and NGC (30 per cent), has achieved first electrons from the nation's first utility-scale ...

The International Renewable Energy Agency's latest report finds little change in the global average levelized cost of electricity for utility-scale solar plants year-on-year, while the global average total installed cost of utility-scale solar projects ...
