

In the face of volatile energy pricing and grid instability, energy solutions specialist Aggreko is highlighting the potential for battery energy storage systems (BESS) and battery hybrids to help increase resilience and on-site efficiency. At ...

The milestone underlines Europe's advancing industrial capabilities in the clean energy transition. Leading the charge in battery manufacturing capacity, the Gigafactory Envision AESC in ...

The challenge with Renewable Energy sources arises due to their varying nature with time, climate, season or geographic location. Energy Storage Systems (ESS) can be used for storing available energy from Renewable ...

The Clean Energy Frontier is a series of deeply reported stories from reporters around the world shining a light on the supply chains which produce clean energy technologies, such as batteries, EVs, solar panels and wind ...

Silicon Valley startup Lyten will take full ownership of Northvolt Dwa ESS, Europe's largest energy storage systems factory, in a move to expand its product line, the U.S. company said on Tuesday.

Energy storage technology has advanced by leaps and bounds in recent years, offering a range of benefits for manufacturing facilities. From reducing energy costs and improving grid stability to ...

Just two months after its first acquisition of a battery energy storage system (BESS) in Sweden, Monsson has secured a second project - a 20MWh facility in Härnyda, western Sweden, ...

Stockholm thus offers a model for other cities seeking to invest in structural CO₂ removal. Provided sufficient sustainable biomass is available and the infrastructure for offshore storage ...

A long history of recycling Swedish recycling history goes back quite some time. Households started sorting waste in the 1980s - first glass, then paper and cardboard followed suit. Plastic recycling got going in the 1990s ...

The 500Ah+ large energy storage battery cell technology is rapidly emerging, demanding significantly higher efficiency from thermal management systems. Liquid cooling plate design ...

Stockholm manufacturing energy storage
