

SPECIFIC is a UK Innovation and Knowledge Centre (IKC), accredited by UKRI, leading in energy technology research and full-scale demonstration. Our vision is a world in which "Active Buildings" can generate, ...

The segmentation of the lithium chemicals market is diverse, encompassing various lithium compounds utilized in different battery chemistries and applications. Further market analysis would reveal the specific growth ...

Ultimately, the decision on whether an individual with a criminal record can apply for dual citizenship in Tajikistan will depend on a variety of factors, including the nature of the offense, ...

The global high-purity flexible graphite foil and sheets market is experiencing robust growth, driven by increasing demand from diverse sectors like electronics, energy storage, and ...

The Sughd solar power plant is a key project in Tajikistan's renewable energy strategy, which aims to increase the share of renewable energy in the country's energy mix. The government ...

The increasing integration of smart grid technologies and the rising demand for energy storage solutions are further bolstering market expansion. Key market segments include residential, ...

The 17th summit of the Economic Cooperation Organization (ECO) is taking place in the city of Khankendi. One of the key topics of the meeting is energy security and the development of ...

Marking a turning point in the energy history of the Gorno Badakhshan Autonomous Region (GBAO), the 11-megawatt Sebzor hydropower plant (HPP) was officially inaugurated in ...

A Formal Delay, But Urgency Remains On July 18, 2025, the Council of the European Union adopted a regulation delaying the due diligence obligations under Regulation (EU) 2023/1542 to August 18, 2027. The change ...

By generating electricity from solar power, Tajikistan will be able to reduce its carbon footprint and move towards a more sustainable energy future. The Sughd solar power plant is expected to ...

The sodium-ion rechargeable battery market is poised for significant growth, driven by increasing demand for sustainable and cost-effective energy storage solutions. While precise market sizing data is absent, considering the ...

The 26650 cylindrical lithium-ion battery market, currently valued at \$323 million in 2025, is projected to experience robust growth, driven by increasing demand from various applications, ...

The rapid increase in demand for electronic gadgets and vehicles has intensified the pursuit of advanced and efficient energy storage technologies [1, 2, 3]. Various solutions, including ...

The Battery Management System (BMS) chip market is experiencing robust growth, driven by the escalating demand for electric vehicles (EVs), energy storage systems (ESS), and portable ...

Enterprises from Sverdlovsk region are set to supply state-of-the-art equipment for energy and hydrotechnical facilities, particularly in the Sughd province, where climate change and water ...

Hamza N, Javed I, Sobia J, Imran SM, Naeem A (2025) High Conductivity and a large specific surface area triggered electrochemical properties of MnFe₂O₄-CNTs nanocomposites for ...

As part of the European Union's Global Gateway strategy, the Sebzor hydropower plant has been inaugurated in Tajikistan's Gorno-Badakhshan Autonomous Oblast (GBAO). The facility is ...

Tajikistan specific energy storage applications
