Texas Reliability Entity says solar + storage helped avoid grid problems; large load workshop next week; 85 GW in the forecast next week; renewables reached 40% of generation so far in 2025

A global developer of grid-scale energy storage projects said it has closed project financing and completed a 10-year offtake agreement for a battery energy storage system (BESS) installation in ...

Sunrun has teamed with Tesla Electric to offer an integrated solar, battery and retail electricity package for Texas homeowners, combining the Sunrun Flex subscription service with Tesla's ...

Solar and wind generated 40.2% of the ERCOT grid's electricity this year through June. When coal plants shut down for unexpected maintenance, solar and wind stepped in, providing about ...

Texas is leading the way in battery storage--and it's good news for the ERCOT grid and your electricity bill. Learn how Rhythm supports this shift toward a more reliable, renewable energy ...

After setting a record for electricity generation earlier this week, the Texas energy grid set a new one for a rapid discharge of energy storage systems to support peak evening consumption on...

The Amazon Prime Day 2025 sale may have come and gone, but what if we told you that you can still get the MacBook Air M4 for a really good price? And by a really good price, we mean ...

He continued: "In parallel, Storion Energy's new supply agreement with TerraFlow Energy and electrolyte lease for a 48 MWh vanadium flow battery deployment in Texas represent an ...

At the Texas Electricity Policy Summit, he highlighted Texas' leadership in wind and solar energy while emphasizing that fossil fuels remain the backbone of the state's power generation mix. Since the 2021 Winter Storm Uri crisis, Texas ...

OAKLAND, Calif.-- (BUSINESS WIRE)--Primergy Solar, LLC ("Primergy"), a leading developer, owner, and operator of utility-scale solar and energy storage projects, announced it closed ...

Texas presents a unique combination of a robust energy market and a pressing need for reliable infrastructure. The state has been at the forefront of renewable energy adoption, and battery ...

Last week, Lydian Energy secured \$233 million to build three new lithium-ion battery energy storage projects, totaling 550 megawatts (MW), all set to go online by the end of 2025. This ...
